

Chorus:

If you see two words stuck together with glue
reading a compound word is what you have to do.
The two words work together to mean something new.
Here are some compound words for you.

Verse 1:

"Mail" and "box" make "mailbox." What could be better
than a safe, dry place to put Santa's letter.
"Butter" and "fly" are a beautiful pair.
Butterflies are insects fluttering through the air.
"Book" and "shelf" make an object you need
to neatly display all the books you read.
"Bird" and "house" make a place that's best,
when little birdies need some food and rest.
(Chorus)

Verse 2:

"Flash" and "light" make an object we need.
Flashlights when we're camping can help us see.
"Cup" and "cake" make a tasty treat.
Cupcakes at a party just can't be beat.
"Basket" and "ball" form a sport to play.
Some athletes play basketball every day.
"Side" and "walk" make a handy pair.
A sidewalk safely gets you from here to there.
(Chorus)

Verse 3:

"Rain" and "coat" together keep you dry.
"Rain" and "bow" make beauty in the sky.
"Hot" and "dog" make a food we eat.
"Hand" and "shake" a symbol when we meet,
"Sun" and "shine" brighten up your day.
"Tree" and "house" a place we like to play,
"Snow" and "man" a cold and frosty friend,
Compound words are where it all begins!
(Chorus)

Ending on final chorus: Now this compound word song is through!
