

## Inference Work

---

Read each passage carefully.

Underline any evidence or details that will help you make your inference.

Use the graphic organizer to record your questions, evidence, and inferences.

1. At the track meet, Zack's best event was starting. He got into position and waited for the starting gun. After a running start, he leaped high. After a few more steps, he leaped again. He kept doing this throughout the race. Then he stopped leaping and he ran as fast as he could to the finish line.

- **What was Zack's event?**

2. We sat at our window and watched a bird gather sticks. He flew with the sticks to a tree. He came back to get dead grass and twigs.

-**What was the bird doing?**

3. A mother had driven her three small children to a grassy field for a picnic. They had a great day and enjoyed a terrific meal. When it was time to get in the car, though, the mother became very worried and began searching through the grass.

- **What was the mother looking for?**

4. Mr. Jones enjoys driving his car very fast. As he drove along, Mr. Jones passed a police officer. The police car pulled out behind Mr. Jones with its siren blaring and lights flashing.

-**What will happen to Mr. Jones next?**

5. Phillip looked at a pile of pieces on the table. He separated the ones with a straight edge into one pile. He put the others into a box. After he had moved around the pieces for a little while, the edges joined to make a rectangular shape.

- **What is Phillip doing?**
