

Chorus:

Linking verbs connect the subject to the rest.  
Linking verbs can help a sentence be its best.  
Linking information is the job that they must do.  
They help the writer get the message through.  
Linking verbs do.

Verse 1:

Linking verbs connect the sentence with more information.  
Although they don't show action, they're quite a sensation.  
Am, is, are, was, were.....forms of "to be" and "seem."  
These are linking verbs that you may someday need.

Chorus

Verse 2:

Abbey is creative.  
Karen seems so cool.  
Puppies are so furry.  
I am at school.  
Shelton was so happy.  
Matthew seemed so sad.  
Jonathan is smart.  
He is so good at math.
