

Preposition Lyrics

by Melissa Corbett

Chorus: Where, oh where, oh where, has my preposition gone?
Where, oh where, oh where, has my preposition gone?

Verse 1: Is it over the table or beside the chair?
Is it over your head or in your hair?
Is it with my friend or down the drain?
Is it across the river or on Maple Lane?
(Chorus)

Verse 2: Is it above the tool shed or behind the rake?
Is it past 9:30 or during snack break?
Is it after math or beside the gym?
Is it next to her or in front of him?
(Chorus)

Verse 3: Is it by the river or beneath the sea?
Is it across the street or around the tree?
Is it at the movies, going to the mall?
Is my preposition anywhere at all?
(Chorus)
