

Subordinating Conjunction Lyrics by Melissa Corbett

Verse 1: A page of simple sentences just sitting there,
it doesn't seem this paper's going anywhere!
Subordinating conjunctions are the words I need.
Transitions that will bring this paper up to speed....

Verse 2: The comparing and contrasting of two ideas,
indicating time like "After all these years....."
stating relationships like cause and effect,
subordinating conjunctions working to connect,

Chorus: Subordinating conjunctions!
They have two important functions:
conjoining independent and depended clauses,
emphasizing the importance of their causes,
Subordinating conjunctions!

Verse 3: Although independent clauses seem to stand their ground,
adding dependent clauses makes the world go round.
Complex sentences combine the two.
Subordinating conjunctions get the message through.

Verse 4: So that, since, because will highlight the cause,
More than and less than will compare them all.
As long as, before, after will define the time,
Subordinating conjunctions make transitions shine.

(repeat chorus)
