

# I Need a Verb!

by Melissa Corbett

Chorus: I need a verb to give me action!  
I need action to tell my noun just what to do!  
I need a verb to give my reader satisfaction.  
So tell me verb, what should I do?  
What should I do?

Verse 1: Most times, a verb creates action through motion.  
A ball can bounce. A bird can fly.  
A dog can run. A frog can hop. A mom can sing,  
when her baby starts to cry.  
(chorus)

Verse 2: Sometimes a verb creates action without movement.  
A man can think. A girl can dream.  
A boy can even wonder or imagine.  
A verb can do what can't be seen!  
(chorus)
